SUMMARY

Frontend developer skilled in HTML, CSS, JavaScript and React, with a focus on clean, responsive and user-friendly interfaces. Also works with Python. Completed a frontend development internship by building three web projects.

EXPERIENCE

Frontend Development Intern

CodeAlpha | 2026

- Built a responsive Image Gallery with category filters, hover effects and a lightbox viewer.
- Built a Calculator with all four operations, chained calculations and keyboard support.
- Designed and developed a responsive personal portfolio website with a downloadable resume.

PROJECTS

Image Gallery

HTML, CSS, JavaScript. Masonry layout, filters, lightbox with keyboard and swipe support.

Calculator

HTML, CSS, JavaScript. Four operations, error handling and full keyboard input.

Portfolio Website

HTML, CSS, JavaScript. Responsive design, animations, resume download and live GitHub project links.
